NEF+ is an entrepreneurial leadership development programme.

Upskill your employees, alongside founders, through a 6-month part-time learning experience.

Our bespoke programme maintains focus on your real-time business challenges.

Executive coaching and business mentoring extend the development journey.

Delivered by the Centre for Entrepreneurs with a proven track record of high-impact development programmes.

*"NEF+ is much needed in the entrepreneurial skills space. They develop entrepreneurial founders and intrapreneurial company talent through their 6 month course that focuses on igniting a 'bias for action' in their talent through biweekly business sprint challenges. It is for these reasons that NEF+ alumni stand out from the crowd."*
